

## EPA-Certified Alternative Fuel Conversion Vehicles

*Clean Cities News* asked conversion companies about their EPA-certified light- and medium-duty engine families. The following table features types of conversions that can be performed by each of the companies that responded to our query. This information was published in September 2004. Due to the rapidly changing nature of the industry, the data in this table may not be current after February 2005.

BAF Technologies, Dallas, Texas Contact: Bill Calvert Phone: 214-231-1458 E-mail: bcalvert@bafternologies.com Web site: www.bafternologies.com Warranty information: 3 years/50,000 miles on all major components, covers new vehicles and new systems on used vehicles					
Make	Model	Engine	Model Year	Alternative Fuel	Fuel System
